

MORE PROFITABLE LETTINGS

Dear Ladies and Gentlemen,

Benefit from the power of the major European brand! TUI Ferienhaus is part of the TUI Travel PLC and your perfect partner for marketing your rental property - whether it's a villa, house or apartment.

Your holiday property will be in good hands with us: our optimum marketing strategies, years of experience and active management of supply make us the perfect partner. We come up with the right deal for you too.

Our offer to you:

- We offer you professional marketing and full service. You don't have to worry about a thing!
- With our professional and personalized consultancy service and sophisticated marketing strategies we will help you let your holiday accommodation profitably all year round.
- TUI Ferienhaus will market your rental property through over 8,000 travel agencies in Germany and around 500 travel agents in other countries.
- We advertise your holiday home on our website at www.tui-ferienhaus.de and on over 10,000 sales channels (in Germany and elsewhere), e.g. [casamundo](http://casamundo.com), tui.com, [tui-villas](http://tui-villas.com), [e-domizil](http://e-domizil.com) and [homeaway](http://homeaway.com). You work together with just one partner, but your property is still bookable via all the important online travel agencies.
- You're in good hands with us: We have a multilingual staff of over 100 people at our call centre and about 100 international representatives on site.
- We will agree on a fair price for the holiday rental, which we pay out prior to the guests' arrival. We take care of the complete payment process and only make any profit ourselves once we have arranged the rental of your property.
- It's easy and convenient to manage your property whenever you like: on our website you can do everything from checking bookings to reserving the property for private use as per contract.

Kindly meet us at the ASSC Conference on October 30th in Glasgow.
